

FlexCare: IT Managed Services

FlexCare IT Managed Services agreements are built with your business in mind. With NO long-term contract and a menu-driven structure, we allow you to **build the plan that is the best fit for your IT needs and budget.**

Start by selecting the FlexCare support that is right for you. Set a budget for the year or go all in with our unlimited agreement.

Next, select from our menu which technical services are best for your business.

Build Your FlexCare Support Agreement

Note: Remote support does not include project time and installations.

FlexCare Support **BUDGETED**

Set your budget for services and assistance from our NCI support team and help desk.

-OR-

FlexCare Support **UNLIMITED**

Unlimited assistance from NCI support team and help desk.

Select your services from our **MENU**
